

Safety Data Sheet

1. Product identifier	
Product form	: Substances
Substance type	: Polymer
Product Name	: HM035NJ
Trade name	: Post Consumer Recycled High Density Polyethylene
CAS no	: 9002-88-4/25087-34-7/25213-02-9/25750-84-9/28516-43-0/25053-53-6
Type of product	: plastics

1.2.1. Relevant identified uses	
Industrial/Professional use spec	: Manufacture of plastics products, including compounding and conversion
Use of the substance/mixture	: Use in open, semi-open or closed processes

1.2.2. Uses advised against

No relevant data available

1.3. Details of the supplier of the safety data sheet

ENVICCO Limited Asia Industrial Estate (AIE), 888/9 Mapchalood-Leamson Rd, Huai Pong, Mueang Rayong District, Rayong 21150, Thailand

1.4. Emergency telephone number

Emergency number: 03-322-1227

Country	Official advisory body	Address	Emergency number
Thailand	ENVICCO Limited	Asia Industrial Estate (AIE),	03-322-1227
		888/9 Mapchalood-Leamson	
		Rd, Huai Pong, Mueang	
		Rayong District, Rayong	
		21150, Thailand	

2. Hazards identification

2.1. Classification of the substance or mixture

2.1.1. Classification according to Regulation (EC) No 1272/2008 [CLP] Not classified

2.2. Label elements

No relevant data available

2.2.1. Labelling according to Regulation (EC) No 1272/2008 [CLP]

HM035NJ is not on the REACH Annex XIV List

2.3. Other hazards

No relevant data available

Disclaimer: To the best of our knowledge, the information contained herein is accurate and reliable as of the date of publication; however, we do not assume any liability what so ever for the accuracy and completeness of such information. We make no warranties which extend beyond the description contained herein. Nothing herein shall constitute any implied warranty of merchantability or fitness for a particular purpose. It is the customer's responsibility to inspect and test our products in order to satisfy itself as to the suitability of the products for the customer's particular purpose. The customer is responsible for the appropriate, safe and legal use, processing and handling of our products. No liability can be accepted in respect of the use of our products in conjunction with other materials. The information contained herein relates exclusively to our products when not used in conjunction with any third party materials.

Safety Data Sheet

Protective equipment

: Ventilation, local exhaust, or breathing protection.

6.2. Environmental precautions

Avoid dust formation. Do not allow into drains or water courses or dispose of where ground or surface waters may be affected.

For containment : Sweep or shovel spills into appropriate container for disposal. Other information (accidental release) : Collect spilled polymer: It could cause falls (Danger of slipping). 64. Reference to other sections	6.3. Methods and material for containment a	nd cleaning up

7.3. Specific end use(s)

No relevant data available

8. Exposure controls/personal protection

8.1. Exposure Limits

No exposure limits value known.

8.2. Exposure controls		
Respiratory Protection:	:	Product processing, heat sealing of film or operations involving the use of wires or blades heated above 300°C may produce dust, vapor or fumes. To minimize risk of overexposure to dust, vapor or fumes it is recommended that a local exhaust system is placed above the equipment, and that the working area is properly ventilated. If ventilation is inadequate, use certified respirator that will protect against dust/mist.
Skin and body protection	:	Hot material: Wear heat-resistant protective gloves, clothing and face shield able to withstand the temperature of the molten product. Cold material: None required; however, use of gloves is good industrial practice.
Hand protection	:	Hot material: Wear heat-resistant protective gloves able to withstand the temperature of the molten product.
Eves Protection:		Cold material: None required; however, use of gloves is good industrial practice. Safety glasses with side shields. Use dust goggles if high dust concentration is generated.
Lyes I Totection.	•	Salety glasses with side shields. Use dust goggles in high dust concentration is generated.

9. Physical and chemical properties 9.1. Information on basic physical and chemical properties Physical state : Solid Appearance Plastic pellets. Colour Dark geen colour : Paraffin like Odour : No data available Odour threshold : No data available

Relative evaporation rate (butylacetate=1)	: No data available
Melting point	: 105 - 130 °C
Freezing point	: No data available
Boiling point	: No data available

9.2. Other information

No relevant data available

10. Stability and reactivity

10.1. Reactivity

Not applicable.

10.2. Chemical stability

Product is stable.

10.3. Possibility of hazardous reactions No relevant data available

10.4. Conditions to avoid

Overheating.

10.5. Incompatible materials

Not applicable.

10.6. Hazardous decomposition products

On burning: release of carbon monoxide - carbon dioxide.

11. Toxicological information	
11.1. Information on toxicological effects	
Acute Toxicity	
LD50 oral rat	No determined.
Primary Irritant Effect	
Skin	No irritant effect.
Eyes	No irritant effect.
Sensitization	No sensitizing effect known.

ADDITIONAL TOXICOLOGICAL INFORMATION

When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

12. Ecological information

Disclaimer: To the best of our knowledge, the information contained herein is accurate and reliable as of the date of publication; however, we do not assume any liability what so ever for the accuracy and completeness of such information. PBT assessment	Not determined
12.6. Other adverse effects	
Environmental and other adverse effects Other information (adverse effects)	: The product does not have any known adverse effects on the environment. : No adverse health effects were noted.
13. Disposal considerations	

13.1. Waste treatment methods

- Comply with applicable regulations for solid waste disposal.
- If recycling is not possible, eliminate in accordance with local valid waste disposal regulations. If recycling is not possible, eliminate in accordance with local valid waste disposal regulations.

Refer to manufacturer/supplier for information on recovery/recycling.

14. Transport information

No transport regulation applicable
