

## ICE BOX Packaging

### ICE BOX

Good quality, strong durable and weather resistance with light weight and easy to move.

#### **GRADE : InnoPlus LL9640U/UP**

There are UV8 resistance level for outdoor application which provide excellent impact strength and good end use performance with optimizing the balancing of stiffness and ESCR.

#### **GRADE : InnoPlus LL9450U/UP**

UV-stabilizer roto-molding grade provide a balance of flow and stiffness, good impact strength, toughness and color stability.

#### **GRADE : InnoPlus LL9670U/UP**

There are UV8 resistance level for outdoor application with excellence flow ability.
